

A refurbishment of the “National” brand product up to “international” brand status. Won in limited competition, the project was originally valued at £15m and was submitted for planning in October 1998. The sequential redevelopment of the public areas, meeting facilities and food and beverage outlets proved to be a highly complex phasing operation allowing continuous operation for Hilton through the entire contract period.

Contract JCT 1980 Form  
Value      Approx. £3.5m
